

Can somebody elaborate on "Area Ruling". I gather it's something to do with aerodynamics of trans-sonic planes, and can be summarised as "Coke bottle good, Coke can bad". Anyone provide more details, derivation etc?

Knox's 386 is slick. Fox in Sox, on Knox's Box

Knox's box is very quick. Plays lots of LSL. He's sick!

(Apologies to John "Iron Bar" Mackin.)
