

In article <9303311213.AA49462@jsc.nasa.gov>, mcelwre@cnsvax.uwec.edu (R. E. McElwaine) writes:

|> In March 1993, Russian President Boris Yeltsin
|> proposed to the United States and the United Nations a global
|> defense shield (with "Star Wars"-type weapons) AGAINST

Funny. A bit disturbing. Forging a posting seems somewhat unethical, even if the subject is as notorious as McElwaine.

Followups should definitely not go to sci.space.
