

Hi Folks not exactly certain if this is the best place to ask, but I am searching for a summer internship in engineering. I will be graduating in early May with a B.S. in aerospace engineering and then pursuing my Masters this Fall .Does anyone know of anything that is available, I am in the process of applying to some of the larger companies (ie. MacDac, Martin Marietta, Lockheed. If anyone knows of anything I would appreciate it if you could mail it to me.

Thanks in advance
